Title: WHAT IS ORDER?

Author:

a poem by Sschitteck the
Wise

What is Order?

Is it a rule?

Is it a law?

Is it a whip with barbs
to control the unruly?

It is not any of these, it
is more...

It is wisdom, it is
knowledge,
It is a sense of duty!
Ethicality is a Scroll,
speaking of principles,
of wisdom and of
freedom from fear and
hate.

It is a gleam of sunrise
guiding thee toward
enlightenment and to thy
true fate.

Discipline is strength of
the mind, born of
willpower and
knowledge,
cleansing like a noon
summer shower.

It is a well-honed Serpent
Dagger, a blade that cuts
through

Chaos and corruption's
foul power.

Logic is a straight path,
without obstacles or
brambles, free from both
rock and tooth.

Logic is precise and

unswerving, counting
Order's truth on
an eternal Abacus of
Truth.
